PROFESSIONAL SUMMARY

Full-stack Web Developer with hands-on experience building responsive, user-centric applications. Proficient in HTML, CSS, JavaScript, TypeScript, Angular, React, and Node.js, with a strong understanding of modern web design principles and performance optimization. Adept at creating clean, efficient user interfaces and collaborating with cross-functional teams to deliver high-quality, scalable solutions. Driven by continuous learning and eager to contribute to a dynamic organization while growing both technically and professionally.

TECHNICAL SKILLS

HTML | CSS | JavaScript | ReactJs | Angular | NodeJs | ExpressJs | Typescript | MongoDB | Azure | jQuery

EXPERIENCE

UX Developer, Evision IT Solution Private Limited ⌀   12/2023 – present | Gandhinagar
- **Optimized Application Performance**: Debugged and optimized key projects like **WorkWise (PMS)** and **DNS applications**, resolving critical technical issues and enhancing system performance.
- **API Integration & System Connectivity**: Integrated **REST APIs** into various system components, improving connectivity, system functionality, and seamless data flow.
- **Real-Time Application**: **Implemented SignalR** in **WorkWise (PMS)** to enable real-time updates and notifications, boosting user engagement and operational efficiency.
- **Modular Email System Development**: Created a reusable **Email Template Module** for the **Wiseliy Admin** using **Angular**, supporting dynamic email editing and enabling integration with multiple applications as a microservice.
- **SaaS Application Contributions**: Played a pivotal role in **SaaS projects** like **Wiseliy** and **Staffwise (HRMS)**, developing UI for modules like **Leave Management**, integrating **REST APIs**, and enhancing the user experience.
- **Leadership & Mentorship**: Mentored **5+ trainees**, providing technical support and guidance to accelerate their learning and development.

Junior Developer Intern, SPARK+ Technologies ⌀   09/2023 – 12/2023 | Goa
- **Conducted testing** and reported bugs for the SOLO application, ensuring high-quality performance and reliability.
- **Developed a comprehensive user page** in React.js, implementing end-to-end functionality including searching, sorting, and filtering.
- **Utilized Redux Saga** to streamline state management and enhance user experience.
- **Performed thorough functional and non-functional testing**, including unit, integration, and regression tests, to ensure robustness and reliability of the application.

PROJECTS

Wiseliy SaaS Applications, Technologies: Angular, SignalR, REST APIs, HTML, CSS, JavaScript /TypeScript ⌀
- **WorkWise (PMS)**: Implemented **real-time updates and notifications** using **SignalR**, enabling faster task updates and improved user engagement.
- **StaffWise (HRMS)**: Developed the **Leave Management module**, designed intuitive UI layouts, and integrated **REST APIs** for leave type and policy management.
- **Wiseliiy Admin**: Built a reusable **Email Template Module** in **Angular**, allowing users to create, edit, and manage email templates with seamless **microservice integration**.
- **Recruit Module**: Contributed to recruitment workflows, improved UI/UX, and enhanced overall user experience.

Client Projects, Technologies: MVC, jQuery, REST APIs, HTML, CSS, JavaScript
- **DNS Application**: Fixed bugs, optimized performance, and integrated REST APIs for faster data access and synchronization, improving app stability and page load times.
- **Bissell Application:** Developed and enhanced UI components using jQuery, resolved API issues, and streamlined workflows for a more responsive, user-friendly interface.
- **HRMS Application:** Debugged and optimized Attendance, Leave, and Holiday modules; enhanced the Assets module for efficient asset tracking, improving system performance and user experience.

AWARDS

Certificate of Appreciation, Evision IT Solution ⌀   01/01/2025
Recognized for outstanding contributions to **frontend development**, system performance optimization, and implementing real-time updates in a **PMS application**.

CERTIFICATES

Full Stack Web Development ⌀ — MERN Stack
